WHEN QUALITY AIR MATTERS

There are times when quality air is essential. That's why Cattani compressors deliver clean, dry, oil-free air to keep your practice running.

Have Confidence in Cattani

For more than 50 years, Cattani's global business has been dental air technology – no distractions. We stand for quality, performance and reliability with the aim of keeping your dental practice running day after day, year after year.

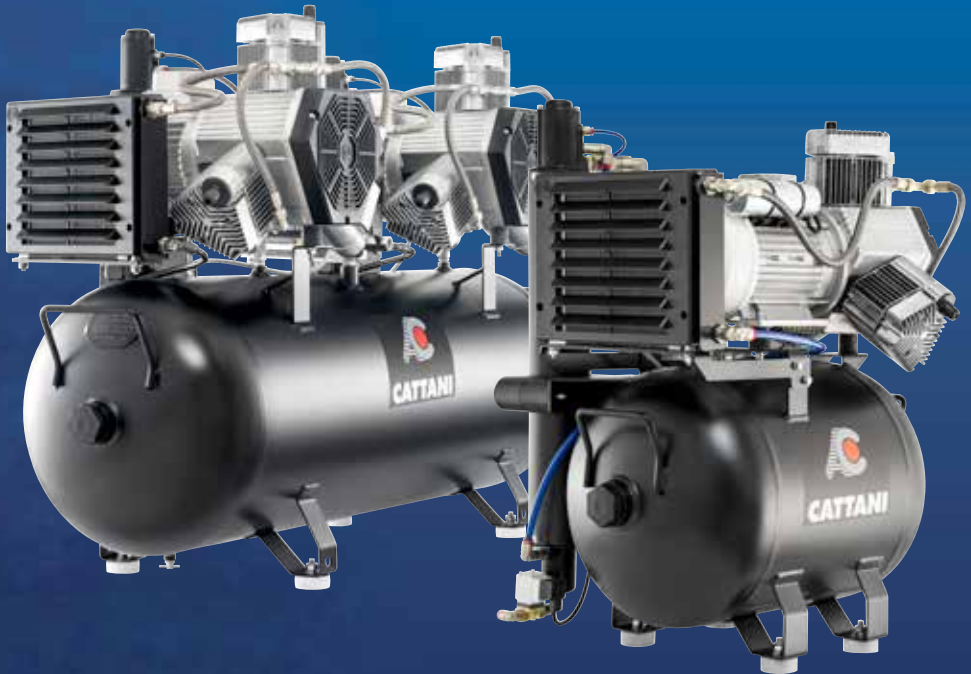

**It's time for Cattani compressors,
the cleaner, more reliable, more
versatile air option.**

Clean – expect only pure, oil-free, hygienic air, and every tank has a food-grade resin inside coating.

Reliable – our compressors run and run. They're easy to install, low maintenance and very robust, and nothing says reliability like a 7-year warranty.

Versatile – we cater for every scenario, from single-chair practices to dental schools and hospitals – and CAD/CAM milling.

Compressors by Cattani

- Clean, dry, oil-free air
- Robust and reliable
