

Your annual check-up is due

Mechanical servicing and regular dental check-ups have the same objectives – they keep your equipment healthy, prevent major work, and save you money in the process.

Annual Service Record

Model		Serial No.	
Description		Installation Date	

Year	Interval	Company	Technician	Sign	Date
1	2,000 HRS				
2	4,000 HRS				
3	6,000 HRS				
4	8,000 HRS				
5	10,000 HRS				
6	12,000 HRS				
7	14,000 HRS				
8	16,000 HRS				
9	18,000 HRS				
10	20,000 HRS				

Be sure to keep this service record in a safe place, easily found when the next service is due.

WE LOVE WHAT WE DO.

Have confidence in Cattani

For more than 50 years, Cattani’s global business has been dental air technology – no distractions. We stand for quality, performance and reliability with the aim of keeping your dental practice running day after day, year after year.

SMART MOVE

AFTER CARE
∴ 100% RELIABILITY

KEEP UNWANTED SURPRISES IN CHECK WITH THE CATTANI AFTER CARE PROGRAMME

Imagine your suction unit or compresor failing at 10am on a Friday, one patient in the chair and five to come.

Stress!

The After Care Programme takes a load off your mind, prolonging the life of your plant equipment and preventing untimely and costly breakdowns; and you know the annual cost from the beginning, so no bill shock.

After Care Programme – Smart Move

- Equipment is much less likely to fail
- Expensive major repairs are avoided
- No clinical disruption or embarrassment
- Pricing is up front and unambiguous
- Servicing is done by experienced technicians
- The technician manages the service schedule
- Cattani service kits specifically designed with genuine factory spare parts

The Details

Talk to your technician or equipment specialist about signing up for the After Care Programme or contact aftercare@cattani.com.au.

Service – we take care of it for you

No cost surprises – After Care removes all the uncertainty around cost. Just as with your car, you know in advance what your annual service costs will be.

Fully logged – This is a proactive programme. The technician schedules visits at mutually convenient times, and there is a log book that the technician keeps up to date.

Expert technicians – Cattani prides itself on unsurpassed service, so only technicians fully trained in servicing our products are invited to be part of the After Care Programme.

Protect the power behind your practice – every day

The After Care Programme is like insurance: it protects your business and saves money by cutting the risk of plant room equipment failure.

Meanwhile, daily and weekly hygiene maintenance is essential to keep your suction system safe, as well as to maximise its performance and longevity. To learn the simple steps required, use the QR code below.
